

**OmniPoint Health**  
World-Class Care. Hometown Service.

## Welcome to Town

We know moving to a new town can be stressful. So many things to do, so many choices that need to be made. Where to go for quality healthcare for your entire family is an easy choice.

### New Patients Accepted – Easy Appointments, Less Time Waiting

Sometimes getting an appointment with a new doctor can take weeks or even months (if they're even accepting new patients). Whether you're a new patient or established, we offer same-day appointments with short wait times. At **OmniPoint Health**, we know your time is important to you. You'll spend less time waiting and more time doing what you want to be doing.

### Board-Certified Primary Care Providers You Can Trust

Choosing an **OmniPoint Health** experienced primary care provider is a smart move. Whether it's routine care or something unexpected, you can feel comfortable knowing you can get an appointment quickly with someone you trust.

### Convenient Care, Close to Home

With a professional staff and well-equipped facility, you don't have to drive far to get the high-quality medical care you need. We offer a wide-range of care options, including a hospital, dental services and three primary care facilities in locations near you:

#### **Anahuac**

621 S. Ross Sterling Ave.  
Monday-Friday  
(8 a.m.-5 p.m.)

#### **Dayton**

101 S. Prairie St.  
Monday-Friday  
(8 a.m.-5 p.m.)

#### **Mont Belvieu**

9825 Eagle Drive  
Monday-Saturday  
(7 a.m.-8 p.m.)

### Wellness Programs Available

Ready to make some changes in your life? Our Licensed Professional Counselors are available to help you with wellness programs, including smoking cessation and counseling to help with the stress that life changes can bring.

### We've Got You Covered

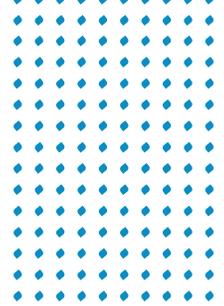

**OmniPoint Health** is in network, in your neighborhood and accepts most major insurance carriers. That means savings to you, as your primary care provider, you won't pay for urgent care even if you need to see someone quickly.

### OmniPoint Health Offers a Wide Variety of Services:

# Just Moving In?

We are here to help you find a new healthcare provider close to home with quality you trust.

## Family Practice Where You're Treated Like Family

OmniPoint Health is here for your Primary Care medical needs, offering wellness exams, family planning, sports physicals, minor in-office procedures, X-rays, counseling and more. We'll care for your family with the same personalized service, love and treatment that we entrust to our own families.

### Checklist: Finding Healthcare in a New Area

- Experience, education, certification.** Find a provider that you can trust to meet your needs.
- Team care.** Does the provider have the resources to give you complete care? Can you get your lab work done on-site? How about X-ray or other diagnostic procedures?
- Availability & insurance.** Is the provider taking new patients? Can you get an appointment in a reasonable time? Does the provider accept your insurance?
- Location, location, location.** Is the provider in a facility that is convenient to your home, work or school? How much time will you need to get to and from appointments?
- Making an appointment.** Get to know your healthcare provider before you get sick. An annual exam, sports physical, or wellness visit is a convenient, usually brief, way to see if a provider is going to fit your needs.

**Our promise** to our patients is to provide the highest quality of care to every member of our community with the same level of service and love we would give to our own families. It's just a small part of what you get with our **OmniPoint Experience**.

### Questions to Ask when Booking

- Do you accept my insurance?
- Do I need to arrive early to complete paperwork or is it available online?
- Can I designate my provider as my Primary Care Provider with my insurance?
- Are medical labs and tests done onsite or will I need to travel elsewhere?
- Does the office have an online portal where I can access my records and tests?
