## OmniPoint Health Opening Wednesday in Dayton Facility Brings New Medical Care Options to Residents

DAYTON, TX (August 30, 2021) - OmniPoint Health is welcoming patients on September 1. Patients can expect personalized care for routine medical visits, including wellness exams, physicals and chronic care management.

When OmniPoint Health opens in Dayton, it will not only bring the community new primary care providers accepting new patients, but it also gives residents new medical options that are closer to home, such as:

- **On-site Diagnostics:** includes radiology (X-rays) and diagnostic lab work, such as rapid testing for strep, flu, RSV or COVID-19
- **Counseling:** all ages can visit a licensed professional counselor on-site
- **Smoking Cessation Program:** participants receive free nicotine replacement therapy delivered by an M.D. Anderson-trained licensed professional counselor

Appointments for annual exams as well as sick visits can be made by calling 936-340-5517. Hours of operation are Monday through Friday from 8 a.m. to 5 p.m., with future plans to offer services after hours and on weekends.

Most major insurance plans including Blue Cross, Blue Shield, Aetna, United Health Care, Cigna, Medicare and Medicaid are accepted. The facility is conveniently located in the Prairie Center off Highway 90, just east of N. Winfree St.

“We can’t wait for residents to visit our facilities to fall in love with the OmniPoint experience firsthand through our world-class care, with a personalized approach,” said William Kiefer, Chief Executive Officer. “We encourage you to make an appointment and feel the OmniPoint difference.”

Chambers Health announced its intentions to change its name to OmniPoint Health. The new name will make its debut in the Dayton location, with the remaining transitioning changing in January 2022.

*Caption: The facility is finishing up final touches in time for its opening Wednesday. Installation of its new sign last week was a milestone celebrated by Stacey Brown, an OmniPoint Health employee and Dayton resident.*

**About OmniPoint Health:**

World-Class Care. Hometown Service. OmniPoint Health is the premier people-centric healthcare provider, exemplifying medical excellence with the same personalized service, love and treatment we entrust to our own families.

Founded in 1950 in Anahuac, Texas, with a hospital along Trinity Bay, the healthcare system has since expanded to include primary care, dental and wellness facilities in the Chambers - Liberty County region. Our vision is to become the world's finest health system by serving as the catalyst for the individuals to live active, happy and productive lives.
